Yashkumar M. Panchal

Full-Stack Developer | React · TypeScript · FastAPI

Ahmedabad, Gujarat, India | 7600339053 | panchalyash862@gmail.com | linkedin.com/in/panchal-yash-a8a16b190 | github.com/YashPanchal22

PROFESSIONAL SUMMARY

Third-year B.Sc. Data Science student (CGPA 8.16) seeking an entry-level Full-Stack Developer role. Built three full-stack web apps with React, TypeScript, Node.js and FastAPI, each with a live demo: a privacy-first RBAC feedback platform, a Gemini-powered nutrition assistant, and an explainable scam detector backed by 17 automated tests.

TECHNICAL SKILLS

Languages: Python, TypeScript, JavaScript, C
Frontend: React, Vite, Tailwind CSS, Recharts
Backend: FastAPI, Pydantic, Node.js, Express, JWT, BCrypt
Data / AI: Pandas, scikit-learn, Google Gemini AI SDK, Rule-based NLP
Testing: Pytest, Vitest
Databases & Tools: SQL, Git, GitHub, VS Code, jsPDF

PROJECTS

Faculty Anonymous Feedback & Performance Analytics System
React 19, TypeScript, Vite, Tailwind CSS, Recharts, Node.js, Express, JWT, BCrypt, jsPDF
GitHub: github.com/YashPanchal22/faculty-anonymous-feedback | Live demo: yashpanchal22.github.io/faculty-anonymous-feedback

- Built a full-stack faculty evaluation platform with three roles: students rate teachers anonymously on 8 parameters, and admins track a 7-KPI institutional dashboard with 8 analytics charts.
- Engineered a privacy-first ingestion pipeline that strips identity fields before storage, issues one-way receipt tokens, and blocks duplicate submissions using anonymous session hashing.
- Enforced multi-tier RBAC with JWT in backend middleware and frontend routes, so faculty see only aggregate metrics, never raw student records.
- Added client-side PDF/CSV export (jsPDF) and a local rule-based sentiment engine that sends no data to third-party AI APIs. Built for the Rapid Web Challenge.

NutriZero AI: Nutrition & Zero-Waste Meal Planning
React, TypeScript, Vite, Tailwind CSS, Python, FastAPI, Google Gemini AI SDK, Recharts, Web Speech API
GitHub: github.com/YashPanchal22/NutriZero-AI | Live demo: yashpanchal22.github.io/NutriZero-AI

- Built a full-stack web app with 10 modules for budget-aware meal planning, pantry-based recipes, food-waste reduction and storage safety, aligned with UN SDG 2 (Zero Hunger).
- Integrated Google Gemini via the google-genai SDK with retry logic and offline fallback engines, plus Web Speech API voice readout for hands-free cooking.
- Designed modular FastAPI endpoints with Pydantic v2 validation and automated endpoint tests, and an interactive Recharts dashboard visualizing sustainability impact.

ScamShield AI: Explainable Fraud Detection
React, TypeScript, Vite, Tailwind CSS, Python, FastAPI, Tesseract.js, PyTesseract, Vitest, Pytest
GitHub: github.com/YashPanchal22/scamshield-ai | Live demo: yashpanchal22.github.io/scamshield-ai

- Built a web app that scans suspicious messages, URLs and screenshots and returns a 0-100 risk index with highlighted evidence phrases and recommended actions.
- Implemented a 14-family rule engine for English, Hindi, Hinglish and Gujarati with diminishing-weight scoring and context-paired rules, so genuine messages are not flagged.
- Built a privacy-focused URL inspector (lookalike domains, punycode spoofing, suspicious TLDs; links are never opened) with on-device Tesseract.js OCR as an offline fallback.
- Wrote 17 automated tests (10 Pytest, 7 Vitest) covering detection scenarios, URL rules and XSS-safe rendering.

CERTIFICATIONS

AWS Cloud Practitioner Essentials (Course), AWS Training & Certification | July 2026
AI-Machine Learning Engineer Certificate Course, Reliance Foundation Skilling Academy | August 2026
Gemini for Data Scientists and Analysts, Google Cloud
C Training, Spoken Tutorial Project, IIT Bombay

ACTIVITIES

Ideathon: Viksit Bharat 2047, Silver Oak University | Participant
KALPVRUKSH 2.0 (NextGen ChatBot Arena, RapidWeb Challenge), Silver Oak University | September 2026 | Participant

EDUCATION

B.Sc. in Data Science, Silver Oak University, Ahmedabad | Expected 2027 | CGPA 8.16
HSC (12th), Shree Panchtirth Vidyalaya, GSHSEB | 2024
SSC (10th), Shree Panchtirth Vidyalaya, GSHSEB | 2021 | 89.21%

LANGUAGES

Gujarati, Hindi, English
